From the Editor's Desk....

The world as we know, is in a stage of transition, imposed by the smallest of beings; a virus. Even though these are testing times, yet humanity has shown it's resilience in adapting and fighting against this invisible enemy, and pushing forward. We are in a new digital era where the distribution and dissemination of knowledge is now no longer bound by geographical boundaries nor limited to printed format. May ASI - Odisha be the beacon of knowledge to all.

Long live ASI Odisha.

As the Executive Member of ASI, representing our state, I feel proud to express that at present our chapter seems more united & vibrant. I believe that the new EC, under the able leadership of Dr. Bikash Ranjan Hota & Dr. Sudhansu Sutar will reach greater heights. Today, I see our junior surgeons especially the PG Students have outshined in every sphere, which was noticed at the PG day in the recently concluded **VIRTUAL OSASICON**. For the 1st time our state conference was a grand success in a virtual platform, as compared to physical conferences in the past.

I wish our state chapter would march ahead & bring glory & fame in future. I have full faith & trust in our new secretary & his team, & hope he gets actively involved in getting more new members, as well as do more academic activities in his tenure. I am always there to guide the team, whenever they require my assistance. I wish each one of you very happy & prosperous **NEW YEAR 2021**.
