President's Message

I feel proud & privileged to publish the inaugural edition of the News Letter of Association of Surgeons of India, Odisha Chapter. It is an honour for me to have shouldered this responsibility bestowed on me by our association to publish 2 to 3 issues of the News Letter in this current year.

This issue will highlight mainly the activities of OSASICON 2014 conference recently concluded at BURLA. It will be shared equally amongst our executive members, mentioning their addresses & email id. An electronic version in PDF format will also be prepared & will be mailed to all the members of our ASI throughout India & abroad.

Our Association was formed in the year 1986 & we have produced stalwarts in the field of surgery, who have also immensely contributed to the National ASI like, Dr. M. C. Dandapat, Dr. M. S. Khadanga, Dr. S. N. Panda, Dr. B. C. Mishra, Dr. A. K. Mishra, Dr. B. N. Mohanty, Dr. L. M. Mukherjee, Dr. K. S. Panda, Dr. D. K. Roy, Dr. C. R. Das & Dr. M. R. Sahoo to name a few. I salute to them & hope in future a lot of younger surgeons will follow their foot steps to provide solidarity to our association. I hope this news letter will provide ample opportunity for the betterment & prestige of our association.

Long Live ASI.

Dr. Sreejoy Patnaik

President ASI Odisha Chapter

From the Editor's desk.....

A News Letter is an essential part of the shared experience of being a surgeon. It informs and inspires news of the association and keeps up to date news, brings us new ideas. Publications are a tangible representation of the association's greatest strength that each local city branches and the state chapter are truly engaged in some work.

We the executive body of the State ASI have decided to bring up news letters regularly to show case events of the state and city chapters. One of the greatest privileges of being an Editor is the ability to talk to all of you and it's awe-inspiring to me, as I write this, to think of all of you & to find out what's the news of the state activities and what's new about the association, I feel that, this news letter will remind us that we are surgeons & we are part of the association. I hope that each one of us will contribute for sharing and documenting their surgical/ personal experiences with news that would inspire surgeons throughout the country.

Finally, my heart felt thanks to Shanti Gopal Trust & Shanti Memorial Hospital, Cuttack for sponsoring this inaugural edition of the news letter.

Long Live ASI

Dr. Inuganti Gopal

Editor, OJS
