## From the Editor's desk.....

Namaskar! A warm welcome to all the surgeons of the state to the Midterm Conference of ASI Odisha State Chapter to the temple City Bhubaneswar. We should congratulate the team of office bearers who are striving in bringing the best of academics under the leadership of our President. Let's create social groups to interact ourselves and bridge the gaps of communication for a good and performing organization.

By this news letter I wish to focus on a subject which is directly and indirectly associated with surgeons in particular. Have we ever thought of the waste we generate in the OT by us in our day to day surgeries, it includes all types of waste from polythene to biological waste, but unfortunately we do not spare our time to see where it goes, the movement the gloves are off we are running for a new case leaving behind a heap of garbage, a potential environmental hazard thinking it is someone else job. Friends it is our social obligation to look into the proper disposal of the waste that we have generated, a few minutes of our supervision post OT would change a lot of things around us. When we move around Government and Private Hospitals the Operation Theaters are getting modified but the waste around the hospital speak volumes of how we are still backward in terms of community health to which even we too can succumb. A small initiative from us can make us a part of the INDIAN TEAM for making a SWACH BHARAT worth living for. My sincere request to all of you to spare a few movements in supervising and monitoring the waste management at the places we work and be an example for others for I know that we surgeons perform while others talk about..... Long Live ASI.

Editor, OJS

## Chairman's Message

It's indeed my pleasure to greet all my surgeons friends and thank for giving me the opportunity to work as the Chairman ASI, Odisha Chapter. One has to dream before the dream comes true, I have a lot of academic dreams for this session and till now all our programs have become colourful with the help of the Executives of ASI, Odisha and organisers of different CME's at Burla, Berhampur & Rourkela.

I am sure with the blessing of almighty and whole hearted support of all my colleagues, we will achieve our goal in making this session brilliantly academic in impacting efficient surgical training and maintaining brotherhood amongst all surgeons.

Lastly it's my appeal to all of you, the work together in this session with the motto to "Care all, Cure all & Create" a dependable future generation of surgeons.

Jai hind !

**Dr.B. B. Mishra**  
Chairman, ASI, Odisha Chapter

## Hon'ble Secretary's Message

Dear Members,

Namaskar. Though late you are receiving "1st News Bulletin" of ASI , Odisha Chapter edited by Dr. I. Gopal and supported by our Imm.Past President Dr. Sreejoy Patnaik. You can go through and find the activities so far done by this august body by able dynamism of our lovable Chairman Dr.B.B Mishra.
